Telephone Help Line

Say you're out on a job site wondering how to level the warehouse floor. Or while shopping at a home center, you begin to think about repairing your driveway. Who can you trust to offer fast, helpful solutions? An Ash Grove Packaging Help Line expert is just a phone call away at 1-800-279-1864.

We're available. Call us. Or email us at info@ashgrovepkg.com. Working together, we'll find the answers you need to get back to work in no time.

Customer Service

Expect to be treated well when dealing with Ash Grove Packaging.

We're interested in serving your individual needs, resolving your issues and cultivating long-term relationships. We're builders, after all. And we continue to build our business through trust, integrity and loyalty.

If you're looking for expert advice, checking on the delivery of your order or perhaps seeking a peek at our latest innovations, please reach out to us.

Website Support

Check out www.ashgrovepkg.com to see who we are and what we are all about.

Buyers, contractors, managers, builders and do-it-yourselfers alike will find the latest in new product offerings, applications and solutions, helpful tips, contacts and purchasing information.

Technical Services

Backed by our world class Research Center in Overland Park, Kansas, and our Quality Assurance Testing Lab in Little Rock, Arkansas, we're dedicated to transforming ideas into breakthrough products.

Whether it's developing a new product, installing robotic equipment, or evaluating advances in emissions controls, our technical and engineering staff set industry standards for performance, safety and environmental stewardship. Even better, we'll work for you – providing personalized technical assistance to help you find a product solution.

Focus on the Environment

As a responsible steward of the land, Ash Grove Packaging strives for maximum efficiency and minimal environmental impact. And we're sharing this belief in environmental stewardship with others.

We continually audit our manufacturing and packaging facilities to ensure we not only meet, but exceed, all environmental regulations, standards and requirements. As a member of the World Business Council for Sustainable Development, we promote the protection and conservation of our natural resources.

Our goal: Ensure a thriving planet for generations to come.

Since 1981, Ash Grove Packaging has been an industry leader in the manufacturing of specialty mortar products. The Ash Grove Pro Mortar category has a full line of products for new construction and building restoration.

All our fine products are produced following strict quality control guidelines to meet all applicable ASTM requirements.

Ash Grove Pro Portland/Lime Cement and Portland/Lime Mortar both exceed ASTM E-514 testing for wind driven rain. Both mortars include an efflorescence inhibitor and are waterproofed to result in the most premium products on the market today.

Need a color? Ash Grove Packaging offers 62 standard colors to choose from. We use only lightfast mineral oxide pigments to make our colors more stable and resistant to fading. These colors are factory blended into the products to help eliminate job-site errors. Custom color matching is our specialty. We offer a quick turnaround time for matching your unique color.

Other Ash Grove Pro Mortar line specialty products include:

- **Ash Grove Pro Stone Veneer Mortar** is a polymer-modified blend of cementitious materials and masonry sands specifically designed to provide a superior bond of lightweight masonry veneer units to pre-existing substrates.
- **Ash Grove Pro Brick-Set** is a pre-sanded, polymer-modified portland cement mortar specifically formulated for tuck pointing and thin-brick applications.
- **Ash Grove Pro Glass Block Mortar** is a mixture of fine sand, white cement, lime and additives specifically formulated to set glass block units.

Ash Grove Packaging can help you select the proper mortar product for your job. Contact us at 800-279-1864 to find out more about our family of high quality products.

Ash Grove Pro Portland/Lime Cement

A precisely and uniformly blended mixture of portland cement, masonry lime, water repellent admixture, and other proprietary ingredients to provide a high quality, contractor grade material for use in laying brick, block, and stone. Available in Type N, S and M formulations and in a variety of standard and custom colors. Just add mason’s sand and water.

| UPC Code | |
|----------|--------------|
| 70 lbs. | 768226002702 |

Ash Grove Pro Portland/Lime Mortar (Types N & S)

A uniformly blended mixture of fine graded sand, portland cement, and lime, specifically designed for contractor use in laying brick, block, and stone. Meets ASTM C270 specifications. Available in Type N and Type S. Available in a variety of standard and custom colors. Just add water.

| UPC Code | | |
|----------|---------|--------------|
| type N | 80 lbs. | 768226002122 |
| type S | 80 lbs. | 768226002115 |

Ash Grove Pro Masonry Mortar (Types N & S)

A uniformly blended mixture of fine graded sand and masonry cement, specifically designed for contractor use in laying brick, block, and stone. Meets ASTM C270 specifications. Available in Type O, N, S and M. Available in a variety of standard and custom colors. Just add water.

| UPC Code | | |
|----------|---------|--------------|
| type N | 80 lbs. | 768226001866 |
| type S | 80 lbs. | 768226001880 |

Ash Grove Pro Stone Veneer Mortar

A factory preblended, commercial grade mortar specifically designed to bond precast, lightweight masonry veneer units to solid base surfaces such as masonry, concrete or galvanized expanded metal lath. The final wall system will produce a non-load bearing, aesthetically appealing exterior veneer, or an interior finish ideal for concrete or masonry walls, stud walls or metal buildings. Available in a variety of standard and custom colors. Meets ASTM C270 specifications. Just add water.

| UPC Code | |
|----------|--------------|
| 80 lbs. | 768226003563 |

Ash Grove Pro Brick Set

A polymer modified mix of fine graded sand, cement, and other proprietary ingredients specifically formulated for tuck-pointing and thin-brick applications. Available in a variety of standard and custom colors. Just add water.

| UPC Code | |
|----------|--------------|
| 55 lbs. | 768226003525 |

Ash Grove Pro Glass Block Mortar

A uniformly blended, properly proportioned mixture of graded sand, white cement, and other approved ingredients specially designed to provide a decorative white color when laying glass block, concrete block, brick, and stone. Just add water.

| UPC Code | |
|----------|--------------|
| 55 lbs. | 768226003532 |

Ash Grove Pro Core Fill Grout

A uniformly blended, commercial grade mixture of portland cement, aggregates, and other approved ingredients designed to fill masonry cores or cavities to increase the structural performance of masonry. It is formulated to achieve superior flow to ensure complete filling of the grout space and bonds adjacent concrete masonry units (CMU) together to form a structurally sound, reinforced masonry wall system. Available in a variety of standard and custom colors. Meets ASTM C476 specifications. Just add water.

| UPC Code | |
|----------|--------------|
| 80 lbs. | 768226002085 |
